ABOUT US

DREAMPLEX PARA SPORTS TRACK & FIELD TEAM

MISSION STATEMENT

Our faith-based mission drives us to include all individuals, regardless of ability, in sports, recreation, therapy, education, and employment, fostering a community of acceptance and support.

HISTORY

Dreamplex's efforts to establish adaptive sports opportunities in 2019 included the aspiration to offer track & field opportunities through clinics offered to all children. In 2020, a small group of physically disabled children participated; however, Dreamplex only had one track & field chair which was entirely too large for the kids to use effectively. Early on, children "raced" in their own personal wheelchairs and participated in other field events through Dreamplex's clinic. Dreamplex has offered a track & field event annually since 2020 in hopes of engaging more children interested in this sport.

The first adaptive track & field event was held in October 2022. The organization partnered with CAF and other passionate individuals knowledgeable in the sport, including Daniel Romanchuk and Jimmy Cuevas. Both have an interest in being involved in future opportunities. Jimmy Cuevas used to lead track & field initiatives in the northeast and has taken leadership to help train current athletes who hope to compete while also growing the sport so that more athletes can participate and compete.

OUR STORY

In 2009, pediatric therapists serving Central Florida recognized children and adults with disabilities were being left on the sidelines. Motivated by their faith, they dedicated their lives to creating a more inclusive community. In 2015, The Central Florida Dreamplex opened its doors, turning dreams into reality for extraordinary people with disabilities and their families.

GROWING THE TEAM

Dreamplex has discovered that offering track & field events is most challenged by not having adequate equipment. Unlike other sports, track & field equipment, especially racing chairs, have a critical need to have custom adjustments made to each child before they adapt and learn to grow in the sport. The chairs are more complex to operate so, before children can learn to race, they must fit comfortably into a racing chair which varies by each individual's physical disabilities and limitations. We aim to grow our supply of equipment, including racing chairs and field implements, so that a more diverse group of children and adults can participate and compete in this sport.

OUR IMPACT

- 7** *Current total participants with disabilities (5 youth)*
- 30** *Projected # of NEW participants*
- 5** *Projected # of instructors/trainers*
- 25** *Projected # of volunteers*
- 150** *Total people impacted (athletes, staff, volunteers, instructors, family and friends)*
- 4** *Projected # of Program and Events*
 - A series of practices during and between seasons
 - A clinic/camp to increase participation and build skills
 - The team aims to compete in a minimum of one competitive event
