Those students with limited mobility will need a caregiver to assist during some exercises.

Mondays

Instructor
Maddy Comely

This class will teach both artistic and rhythmic gymnastics skills to help children develop coordination, balance, strength, endurance, and flexibility. For the rhythmic skill set, students will utilize balls, ropes, ribbons and hula hoops and incorporate them into gymnastics, dance, and calisthenics. On the artistic side, students will learn skills on the balance beam, bars, and floor exercise. The purpose of this class is to create a fun, exciting environment for children and young adults and to increase their overall physical activity. Our instructor, Maddy Comely, is a Physical Therapist Assistant as well as a Certified Inclusive Fitness trainer with 16 years of experience as a competitive gymnast.
