

Policy for Patients and Clients Regarding COVID-19 Update: August 23, 2021

The health, safety, and well-being of all Central Florida Dreamplex staff and clients is of critical importance at all times. We ask that you abide by the following protocols:

- All visitors to the Dreamplex must check-in at front desk. Temperatures may be taken and/or a visitor log completed documenting your visit and confirming the patient has not exhibited symptoms.
- If your child or any family member living within your household is experiencing symptoms of illness, please notify all therapists who treat your child and do not resume in-person therapy sessions until 10 days have passed since symptoms first began or a negative COVID-19 test result can be provided. At least 24 hours should pass since last fever without the use of fever-reducing medications is exhibited.
- Should your child or any family member living within your household receive a positive test result or have direct exposure, please notify our office at 352-394-0212 AND all therapists who treat your child. All in-clinic therapy sessions will either be shifted to teletherapy or postponed/rescheduled; in-clinic/in-home sessions may resume only with a documented negative test result after 5 days of quarantine (must be completed no earlier than 5 days after direct exposure) OR when all of the below has been met:
 - Quarantined at least 10 days since symptoms first appeared or Quarantined at least 10 days since last positive test result.
 - At least 24 hours have passed since last fever without the use of fever-reducing medications and
 - Symptoms (e.g., cough, shortness of breath) have improved.
- If patient's school policy requires quarantine/absence from school, please assume that the patient cannot attend in-person therapy sessions at the Dreamplex for the same time period.
